

Colloquium Feedback -- Physics Seminar FALL 2018

Your Name _____

Speaker _____

Colloquium Title _____

Date/Time _____ Location if not Physics _____

Overall Colloquium Presentation: (1 to 5: 1 = poor, 3 = average, 5 = excellent)

- 1) Speaker's voice/speech/mannerisms:
- 2) Speaker's use of slides, pointers, etc:
- 3) Slide content and layout, readability:
- 4) Interaction with audience/question answering:
- 5) Overall "Level" of the talk:
- 6) General opinion of the talk:

What was the main point of the talk (in one sentence)?

Did the speaker's posted abstract and title reflect this point?

What new information will you take away from this talk that will help you in your own research? (Do NOT say "nothing" and please be specific.)

If there were one thing you would suggest to the speaker to improve the talk, what would this be?
