

Summer REU Program

in the Department of
PHYSICS & ASTRONOMY
at the
UNIVERSITY OF NEW MEXICO

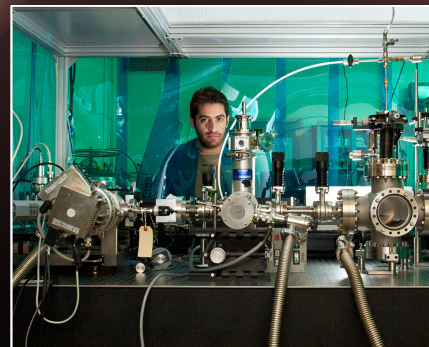

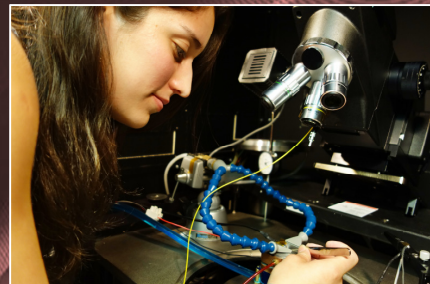

Join us for a rewarding ten-week summer research program in the areas of physics, astronomy and optics. Develop your research, communication and career skills.

Features of our program:

- A wide variety of forefront research projects to work on
- A series of Career Development talks
- Outings to national labs and observatories, and hikes in beautiful surroundings
- \$5000 stipend and all housing, food, and travel costs covered, \$300 in conference travel funds after the REU finishes
- Begins day after Memorial Day

Current physics and astronomy undergraduates who are US citizens or permanent residents are eligible to apply. We particularly encourage applications from women and minorities in the Four Corners states and Texas.

Funded by the National Science Foundation
