Dear Faculty and Staff,

Your institution is participating in The Chronicle of Higher Education's 2014 Great Colleges to Work For Program. Now in its seventh year, this initiative is designed to recognize colleges across the country that have demonstrated excellence, and to collect important benchmark data. You have been selected to participate in the program's confidential and anonymous employee survey.

The Chronicle will publish a special issue this summer detailing the program findings and recognizing those institutions that are leading the way in their commitment to creating great workplaces. Afterwards, your institution will receive a topline report that summarizes overall responses to fifteen survey themes. The results of this survey play an important role in the assessment process.

Your honest feedback is critical to our program. The survey is quick (takes about 20 minutes), confidential (see "**CONFIDENTIALITY**" below) and easy! Please take a few minutes and share your opinions.

Deadline to complete the survey: **Midnight on Monday, April 14th, 2014**

IMPORTANT NOTE: The survey username and password provided above are for YOUR USE ONLY. To ensure that your responses remain anonymous and confidential, PLEASE DO NOT FORWARD this email, or provide your survey password to anyone else at your institution.

Your answers will be stored everytime you select the "Save and Continue" button at the bottom of each page. You can log into your survey as many times as you need in order to complete the survey. However, to protect the confidentiality of your responses, you will not be able to log in again once you hit the "Submit" button on the last page of the survey.

Thank you for your participation. Should you have any questions, please call our toll-free Help Desk at [888.684.4658](tel:888.684.4658) or email us at chronicle@modernthink.com.

Regards,

The Great Colleges Team

CONFIDENTIALITY

We protect your confidentiality in a number of ways. First, your responses will be sent directly to, and processed by, ModernThink LLC, an independent research and consulting firm that specializes in workplace excellence. Second, employers are not given any information in a way that would enable them to trace answers back to a specific person -- even if you are part of a small demographic group. We will not report any results from demographic categories containing fewer than five respondents.

Please note, however, that your institution may have the opportunity to purchase a report that summarizes all employee responses to the two optional, open-ended questions at the end of the survey. The report will list all responses to those two questions in alphabetical order by the first letter of the response to ensure objectivity in reporting. In order to preserve your anonymity, please do not include your name or other identifying remarks in your responses.

TROUBLE LOGGING IN?

If you have entered your user name and password and you get bounced back to the access page, try one of these solutions:

1 - Are you entering the correct username and password? These are included above in this email message and are DIFFERENT from the username and password you use every day for institution business.

2 - Did you forward your email invitation to anyone? If so, someone who received your forwarded email message may have logged in using your username and password. Once they completed the survey, the login page would be locked to protect confidentiality. If you suspect this may be the problem, please contact us by replying to this email message or by calling our Help Desk toll-free at [888-684-4658](tel:888-684-4658).

3 - Did you receive a forwarded email invitation from someone else? If you are using the login information that was attached to an email message sent to you by someone other than ModernThink, that survey may already have been completed. See #2 above.

If you still have a problem accessing the survey call the ModernThink toll-free Help Desk at [888.684.4658](tel:888.684.4658) or email us at surveys@modernthink.net.
