Curriculum vitae (February 2009)

Education

Graduate physics degree, September 2008: University of Zagreb, Faculty of Science, Department of Geophysics, undergraduate program in physics/geophysics with meteorology. Thesis title: “Utjecaj izbora parametrizacija na modeliranje mezoskalnog fenomena meandriranja”

Employment

Graduate Research Assistant on the project “Klimatske varijacije i promjene i odjek u područjima utjecaja”, Meteorological and Hydrological Service of Croatia (2009-)

Awards

University of Zagreb, Faculty of Science laud for high grades accomplishment, April 2007.

Grants

“Rossby2050”: University of Zagreb grant for the study of the climate change of stability measures (2007/2008)

Conferences

- 5th HFD scientific meeting, Primošten, Croatia, October 2007.
- ICPS 2007, London, UK, August 2007.
- ICPS 2006, Bucharest, Romania, August 2006.
- ICPS 2004, Novi Sad, Serbia, August 2004.

Workshops

SEE-GRID-SCI training event as a part of FP7 program: High performance computing on Grid for meteo applications, Zagreb, Croatia, October 2008.

AMGI/ EURASAP: Air Quality Management, Monitoring, Modeling, and Effects, Zagreb, Croatia, May 2007.
